ABOUT ME

Junior Full-Stack Web Developer with hands-on experience in developing and providing technical support for ERP systems (Odoo) integrated with Magento, as well as building and optimizing websites. Proficient in HTML5, CSS3, JavaScript, PHP (Laravel, Symfony), Python, SQL, and AWS, and familiar with CMS platforms such as WordPress and Elementor Pro. I have contributed to real-world projects involving system integration, UI/UX implementation, and process improvement, working effectively in agile environments (Scrum) with a strong focus on efficiency, continuous improvement, and delivering high-quality user experiences.

PROFESSIONAL EXPERIENCE

Odoo Functional & Technical Consultant (Jr.)

Maxmovil – Spain | Jul 2025 – Oct 2025 (Temporary replacement contract)

Development and technical support in Odoo ERP integrated with Magento, creating and optimizing functions in Python, SQL, PHP (Laravel, Symfony). Basic management in AWS (EC2) and collaboration with the IT team on incidents and process improvement.

- Development and enhancement of features in Odoo ERP integrated with Magento (Python, SQL, PHP, Laravel, Symfony).
- API management and support on AWS (EC2) to optimize performance and stability.
- Support in IT tasks for the team and resolution of technical issues.

Full Stack Web Developer Jr

HOMIA - Marketing Digital - Spain | Dec 2024 - Mar 2025

I worked as a full stack web developer in the digital design and development team. I was responsible for creating custom websites from scratch, selecting appropriate visual styles according to the client's type and brand needs.

- Design of visual identity and page structure for different sectors.
- Creation of custom websites from scratch (HTML5, CSS3, JavaScript, PHP, Laravel).
- Responsive and optimized design for UX/UI.
- Implementation of interactive features and content management in WordPress.

Logistics Employee

International Flex Job - Holland | Dec 2021 - Aug 2022

International logistics management, order preparation and packaging, stock and inventory control. Coordination with different departments and communication in English, enhancing the ability to work in multicultural environments.

- Preparation, control, and verification of orders ready for shipment.
- Management and updating of inventory using internal tools.
- Team communication during shifts without direct supervision.
- Effective communication in English with colleagues and supervisors, assuming leadership roles when necessary.

Store Manager / Logistics and Training

Reina Suiza CBD - Spain | Apr 2019 - Feb 2021

I managed a specialized store comprehensively, combining customer service functions, logistics control, and team leadership.

- Comprehensive store management and team supervision.
- Training new employees and team leadership.
- Assistance in opening and advising franchises outside my city.
- Inventory control, customer service, and sales process optimization.
